

MST Peer Assessment Form (for Group Projects)

Programme	M.Sc. Mechatronics and Sensor Systems Technology (MST)
Document code	MST-PROJ-GRP-FRM-PA-01
Version	v1.1
Effective date	20 Mar 2026
Owner	MST Programme Coordinator

1. Student information

Module code / title	(fill in)
Semester / Academic year	(fill in)
Project title	(fill in)
Your name / Student ID	(fill in)

2. Instructions

This form supports fair grading by documenting individual contributions in group work. Please complete the evaluation for each member of your group (including yourself) based on observable contributions. Ratings should be honest and supported by short comments. The lecturer may moderate peer assessments based on additional evidence (logbooks, meetings, deliverables).

3. Peer assessment table

Rating scale: 5 = Excellent contribution; 4 = Good; 3 = Adequate; 2 = Limited; 1 = Insufficient.

Group member (Name/ID)	Task ownership & reliability (1-5)	Quality of work (1-5)	Collaboration & communication (1-5)	Overall contribution (1-5)	Brief comments / evidence (e.g., tasks, deliverables)

4. Declaration

I confirm that the information provided is accurate to the best of my knowledge. I understand that deliberate misrepresentation may be treated as a breach of academic integrity.
